Using Social Network Analysis to Inform Implementation Science Infrastructure Development	LHS	Brooks, S. P. Thomson, D.
Leveraging intermediaries' skillsets to build implementation research and practice infrastructure: a qualitative case study	LHS	Brooks, S. P., Alba, C. Montesanti, S. Thomson, D.
Development and testing of an interactive evaluation tool: the Evaluating QUality and ImPlementation (EQUIP) Tool	LHS	McAlpine, L. Ramjohn, C. Zimmermann, G. L.
Climate-resilient acute care clinical operations: A framework that informs how operations within acute care build climate-resilient health systems	LHS	Thomson, D. Zimmermann, G. L. Montesanti, S.
Co-designing practical guidance to bridge implementation science and frontline practice in acute care. Implementation Science	LHS	McKay, R. Zimmermann, G. Wasylak, T. Thomson, D. Montesanti, S.
A theory of change for patient-initiated follow-up care in rheumatoid arthritis	LHS	Zimmermann, G. L.
From experience to a learning health system: peer-to-peer perspectives and implications for healthcare navigation in Alberta, Canada	PE*	Nielssen, I. Ahmed, S. Santana, M. J.
Mobilizing COVID-19 Vaccination Partnerships for Newcomer Refugees and Immigrants in the Calgary, Canada Area, 2021–2022	PE	Santana, M.
Patients as partners in a research advisory council role: describing the APERSU Patient Engagement Network	PE	Ahmed, S
Impact of a Health Research Training Program on Patient and Community Partners, and Researchers: A Qualitative Evaluation	PE	Ahmed, S. Nielssen, I. Fairie, P. Munro, S. Santana, M. J.
Empowering refugee voices: Using Nominal Group Technique (NGT) with a diverse refugee Patient Advisory Committee (PAC) to identify health and research priorities in Calgary, Canada	PE	Santana, M.
Navigating vaccine access, trust, coercion and regret: post-pandemic lessons on COVID-19 vaccination among newcomer communities in Alberta, Canada	PE	Youssef, M. Nielssen, I. Santana, M.
Patient education on PROM completion in clinical care settings: a scoping review	PE	Santana, M.
Measuring person-centred care in the mission, vision, and core value statements of Canadian healthcare organizations	PE	Ahmed, S. Fairie, P. Luzentales-Simpson, M. Santana, M. J.
The experiences of patients who leave hospital against medical advice: analysis of survey data	PE	Fairie, P. Santana, M. J.
Editorial: Challenges, opportunities & outcomes of patient-oriented research in learning health systems	PE	Santana, M.
A national curriculum and community of practice for health services and policy research training: Insights from the Health System Impact Fellowship National Cohort Training Program (HSIF NCTP)	CD / PE	Oddone Paolucci, E. Zelinsky, S.
Supporting the implementation of a Maternal Early Warning System (MEWS) protocol using Human-Centred Design	PE	Nielssen, I.
Seeing the Invisible Resiliency (STIR): Chronic Autoimmune Conditions and Post-Secondary Education Experiences in Young Adulthood	PE	Santana, M. J.
What Are the Barriers and Supports to a Return to Health From Long COVID? A Qualitative Study Designed, Developed, and Conducted by Individuals With Lived Experience of Long COVID	PE	Nielssen, I. Fairie, P. Santana, M. J.
Exploring Patient Understandings of Navigation Services Within Alberta's Healthcare System: A Qualitative Study	PE	Santana, M.
Patient engagement strategies in digital health interventions for cancer survivors: A scoping review	PE	Nielssen, I.
Caregiver Perspectives Regarding Patient Safety During Pediatric Hospitalization: A Qualitative Analysis	PE	Santana, M. J.
Enhancing provider adoption of patient-reported outcome measures (PROMs) through implementation science: insights from two international workshops	PE	Ahmed, S. Santana, M. J
